## **Kravitz Launches the First and Only Cash Balance Plan Administration Workshops**

(Encino, CA) – [Kravitz](#), the national leader in design and administration of [Cash Balance Retirement Plans](#), is launching a series of free Cash Balance Administration workshops and webinars to help make life easier for plan sponsors.

*“We have a wealth of practical knowledge and experience to share with plan sponsors and staff who handle day-to-day administration,”* stated [Dan Kravitz](#), the firm’s president. *“Cash Balance Plans are more complex than traditional defined contribution plans, so we’re empowering our clients with education and support tools for successful plan management.”*

This innovative program is the first of its kind offered nationally. Kravitz consultants will teach participants Cash Balance basics and provide insight into how to manage day-to-day plan administration issues. The workshop will include topics such as data submission timelines, actuarial reports, funding, testing, valuations, trusts, investments, and more.

*“Cash Balance Plans are one of the fastest growing sectors in the pension industry,”* said Dan Kravitz. *“As an actuarial firm specializing in Cash Balance Plans, we want to make sure plan sponsors have all the resources they need for efficient, cost effective administration.”*

Kravitz Cash Balance Plan Administration Workshops will take place in January, March and May 2010. A session will be hosted at Kravitz headquarters in Los Angeles, while others will be conducted as interactive webinars.

In-house workshops are limited to Kravitz clients, but anyone is welcome to participate in the webinars.
